It never crossed my mind Who was going to be there
for me to hold and touch Like I do, ooh It never
mattered much I never thought I'd care I wasn't looking
for you Must've been blind There was going to be that
someone waiting for me I couldn't see You stole my
heart Nothing I could do, ooh I wasn't looking for you
Lay down my heart, lay down yours too It was the
easiest thing I ever had to do Spend all my life not
knowing who, ooh I wasn't looking for you It never
crossed my mind It never mattered much Now I need
you more than ever to hold and touch There's nothing I
won't do, ooh Your hand in mine I wasn't looking for
you I will never be alone Lonely nights are dead and
gone Fiddle Solo 'Cause of you It was the easiest thing I
ever had to do Spend all my life not knowing who, ooh
Lay down my heart, lay down yours too I wasn't looking
for you I wasn't looking for you
