If I could be 13 again  
To live with no regret  
When I could still be president  
And I could feel my dad  
As he's holding me in his arms  
Not in my dreams  
And I could not wait to be  
Something at 23

But now I've got the sun  
To clear away the clouds  
So why look back  
When there's a stunning, blazing, so amazing  
Now

From here love looks so effortless  
The simple used to do  
Grass never feels so green, I guess  
Underneath our shoes  
Let's you and me and CNN  
Flip the switch, go back again  
I wonder who we'd see  
Reflecting from our TV

But now, we've got the sun  
To clear away the clouds  
So why look back  
When there's a stunning, blazing so amazing  
Now

The reconstruction you can do  
With scissors and a little glue  
And leave what's left to decorate the ground  
Rediscovering your bliss  
Is the sweetest part of this  
Is all we need right now

But now, we've got the sun  
To clear away the clouds  
So why look back  
When there's a stunning, blazing so amazing

Now

But now, we've got the sun  
To clear away the clouds  
So why look back  
When there's a stunning, blazing so amazing  
Now

But now, we've got the sun  
To clear away the clouds  
So why look back  
When there's a stunning, blazing so amazing  
Now

Right now, right now,  
Right now, right now  
Yeah, yeah
