I know you rider, gonna miss me when I'm gone Gonna miss your baby from rollin in your arms I know you rider, gonna miss me when I'm gone Well, I know a March wind's gonna' carry my blues away The sun is gonna' shine on my backdoor someday The sun is gonna' shine on my backdoor someday I know you rider, gonna miss me when I'm gone I know you rider, gonna miss me when I'm gone I wish I was a headlight on a northbound train Gonna miss your baby from rollin in your arms I wish I was a headlight on a northbound train Well, I'd shine my light through the cold Colorado rain I know you rider, gonna miss me when I'm gone (repeat) I know you rider, gonna miss me when I'm gone Gonna miss your baby from rollin in your arms
