Well he told me that he was tired of being good Well he
told me when he'd be alone he told me how long she'd
be gone And he told me that she don't treat him like
she should I'm only human He shouldn't-a told me that
Well she told me that her man was really fine Makes
her sorry that she doesn't have more time I'm only
human Well she laughed and told me how she gets a
little bit just now and then She shouldn't-a told me that
My doctor tells me I should get more exercise
Temptation is comin' on strong My friends tell me to be
alone is so unwise I'm being good but I don't know for
how long Well I told you that I saw him yesterday Very
sexy, more than that I cannot say And just before I said
goodbye I told him with a little sigh I shouldn't-a told
him that My friends tell me to be alone is so unwise I'm
only human My doctor tells me I should get more
exercise I'm being good but I don't know for how long
Temptation is comin' on strong Very sexy, more than
that I cannot say Well I told you that I saw him
yesterday I shouldn't-a told him that And just before I
said goodbye I told him with a little sigh I'm only human
