Forget your dogmas, your religions and your creeds
Forget your mantras and your ohms
There are no methods to this crazy life we lead
No secret paths to walk upon

Just hang loves portrait in the cathedral of your heart
And warm the landscape of your soul
Sow the seeds a child can reap
And smile if we should ever meet
Â‘Cause just like you, IÂ’m all alone

Since youÂ’ve been gone, I really miss you
Your arms around me whenever I lose my way
You can go crazy with those voices in your head
tell you sometimes you canÂ’t go on
deep down inside you, you find the light to guide you

then a gentle voice to lead you home

Since youÂ’ve been gone, I really miss you
Your arms around me whenever I fall from grace
Since youÂ’ve been gone, I miss your blue eyes
Ever to guide me whenever lose my way
Wheels in wheels, circles touching circles
Days alone, since youÂ’ve been gone, youÂ’ve been gone

Since youÂ’ve been gone, I really miss you
Your arms around me whenever I fall from grace
Since youÂ’ve been gone, I miss your blue eyes
Ever to guide me whenever lose my way
Since youÂ’ve been gone, I really miss you
Your arms around me whenever I fall from grace
