It's too late for me
is there a place where to be?
did you listen? did you listen?
it's too hard to admit
you're the worst thing i ever need
did you listen? did you listen?

this melody
sets slowly my downfall
the remedy
is too far away from home
and the tragedy
will not completely fall apart

Slowly
You become my morphine
Did you know
This attitude?
You become my morphine
It's your fault

This time I will
(No no no)
Feel it
No no no
Reality
(No no nowhere)
Distraction
(No way!) (X2)
the melody is killing me
sets slowly my downfall
and the tragedy
will not completely fall apart

Slowly
You become my morphine
Did you know
This attitude?
You become my morphine
It's your fault

start your countdown

your whisper
will follow
me in the hole
the screams now
are all in my head
and scare me
more than nightmares
you become my morphine
slowly
you become my morphine (x2)
