"Take A Seat"

Visit "[Take A Seat](#)" on MotoLyrics.com

As you look back at all of the choices you have made
Are the results your fault or do you pass the blame?
I bet you pass the blame
I stomp and curse your name

Your ride is almost over
Take a seat and smile
Ask yourself: "Was this worthwhile?"
Who'd you hurt along the way?

As you look back at all of the people you have hurt
Does their pain bring shame or is your heart a stone?
Well I bet you heart's a stone
You did this on your own

Your ride is almost over
Take a seat and smile
Ask yourself: "Was this worthwhile?"
Who'd you hurt along the way?

Your ride is almost over
Take a seat and smile
Ask yourself: "Was this worthwhile?"
Who'd you hurt along the way?
