The devil on my shoulder knows how to party
Spinning in circles the door came closed
She began walking towards me
With a towel at her toes

With her tongue in my mouth
And my hands on her hips
I am not used to this
So let's make it quick
This isn't happening

We're one step closer to where we need to be
Well that's just a maybe someone's talking crazy now
We're one step closer to where we need to be
Well that's just a maybe someone's talking crazy now

It's all fun and games

Let's take our millions and rip them to shreds
Put this night on repeat,
again and again
Scream louder, scream louder,
I can't quite hear you
Scream louder, scream louder
Let's start pretending

Everything is just a dream
(I swear it is)
Everything is just a dream
(I swear it is)
Let's start pretending
We're all just machines

We're one step closer to where we need to be
Well that's just a maybe someone's talking crazy now
We're one step closer to where we need to be
Well that's just a maybe someone's talking crazy now
It's all fun and games
You've got me wrapped around your finger
No matter how sweet you taste,
you leave

You leave a bad taste in my mouth
So long
