(Paroles : Pierre Grange / Musique : JC Vivron - Sire)

Today on the news channel
They showed how people get broke
A model talked about Chanel
I was about to choke

(Refrain)
I'm not about to die
I'm not on the point to go down
I'm not about to drown
I'm not about to cry

Today in a newspaper?
A lawyer defended Jimmy Brown
Who stole billions as a trader
I was about to yawn

(Refrain)
I'm not about to die
I'm not on the point to go down
I'm not about to drown
I'm not about to cry

Today on the radio station
A kid admitted about smoke
Psychiatrists prescribed him Methadone
I was about to choke

Tonight on the subway
My girlfriend grumbled apart
I thought if love stinks that way
I'm just about to fart...

I'm not about to cry (X4)
