I've been alone
Surrounded by darkness
I've seen how heartless the world can be
I've seen you crying
You felt like its hopeless
I'll always do my best to make you see

Baby you're not alone
cuz you're here with me
And nothings ever gonna bring us down
cuz nothing can keep me from loving you
and you know its true
it dont matter what'll come to be
our love is all we need
to make it through

now i know it aint easy
but it aint hard trying
every time i see you smiling
and i feel you close to me

and you tell me

Baby you're not alone
cuz you're here with me
And nothings ever gonna bring us down
cuz nothing can keep me from loving you
and you know its true
it dont matter what'll come to be
our love is all we need

to make it through

i still have trouble
i trip and stumble
trying to make sense of things sometimes
hmmm
i look for reasons
but i dont need them
all i need is to look in your eyes
and i realize

Baby I'm not alone
cuz you're here with me
And nothings ever gonna take us down
cuz nothing can keep me from loving you
and you know its true
it dont matter what'll come to be
our love is all we need
to make it through

oh cuz your here with me
and nothing is ever gonna bring us down
cuz nothing nothing nothing can keep me from loving
you
and you know its true
hmmm
it dont matter what will come to be
you know our love is all we need
our love is all we need
to make it through
