I've seen her face
I've heard her name
I've lost my place and she's to blame

I can't stand it
When I'm staring in her eyes
And she's not looking back
It's not a big surprise

I've heard music,
I've heard noise
I wish she could hear her voice
The way that I do
When I go to sleep at night
And dream my life away
But she's gone when I awake

Sami, Sami
Why can't you see
What you're doing to me?

The way her hair falls in her eyes
Makes me wonder
If she'll ever see through my disguise
And I'm under her spell
Everything is falling
But I don't know where to land
She just knows where she is

But she don't know who I am

Sami, Sami
Why can't you see
What you're doing to me?

I see you singing on that stage
You look just like an angel
And all I do is pray
And maybe someday
You'll hear my song
And understand that all along
There's something more that I've been trying to say

When I say

Sami, Sami
Why can't you see
What you're doing to me?
What you're doing to me

Sami, Sami
Why can't you see
What you're doing to me?
What you're doing to me
