(Billy Walker)

We're livin' in an age of worry
A livin' in a time of stress
Disappointments all around us
And very little happiness.

We're livin' in an age of worry
A livin' in a time of fear
Life goes by in such a hurry
Tension mounting year by year.

We're livin' in an age of danger
No peace of mind to feed the soul
The whole world is quick to anger
Greed and power is its goal.

Somewhere there's got to be a rainbow
In God to heaven up above
I'll keep looking for that rainbow
And I'll keep searching for his love.

We're livin' in an age of worry
A livin' in a time of stress
Disappointments all around us
And very little happiness...
