Just walk on out the door it's all over forgiving you is
just a waste of time

I don't believe that I'll live to regret it

Cause you're ancient hist'ry to this heart of mine

I've marked you down as just another lonely page

In the book of heartaches that you'll leave behind

Cause I've found out I'm better off without you

You're ancient hist'ry to this heart of mine

[guitar]

So many times I've heard the same old story

Any fool can learn to read between the lines

And this time you know you've burned all your bridges

You're ancient hist'ry to this heart of mine

I've marked you down...
