(Jerry Reed Hubbard)

You're just beggin' for trouble
'Cause she never gives in return
If you think she'll hold to the things that she told you
You got a whole lot to learn.

Take my advice when you better think twice
When you owe it to your heart to make no mistake
You better look into the past that she been through
Don't gamble there's too much at stake.

Fools have adored her
For their dreams before her
Just to have her tear them apart
You're just beggin' for trouble if you give her your
heart.

You're just beggin' for trouble
'Cause she never gives in return
If you think she'll hold to the things that she told you
You got a whole lot to learn.

You're not the first one and won't be the last one
I don't tell you this cause I'm jealous you see
But I'm just like you fell in love with the two
And look what her love done to me.

To love her will get you only regret you
Can never get her out of your heart
You're just beggin' for trouble
If you give her your heart.

You're just beggin' for trouble
If you give her your heart...
