(Fred Foster)

I don't mind the winter rain when I'm hurting I can't  
stand the pain  
Just as long as I can be close to Linda  
I can't face the darkest day and know that it won't end  
that way  
Just as long as I can be close to Linda.

For she is warm and she is real  
And oh, how good she makes me feel  
All my troubles disappear and I am strong and free  
from fear  
When my Linda's near.

The only thing that worries me  
Is I know love's so blind would like to be  
Standing here in place of me  
Close to Linda.

For Linda's warm and she is real  
And oh, how good she makes me feel  
All my troubles disappear and I am strong and free  
from fear  
When my Linda's near.

So I've just got to make her know  
No matter where I go she's  
The only place I want to be is close to Linda  
Is close to Linda, is close to Linda...
