(Arthur Leo Owens)

With you on my mind and my hands pull on time  
It's hopeless for me to believe  
That some morning you'll find me all over your mind  
And that you'll bring your sweet love on to me.

Forever means nothing to you  
Or the promises that you've made  
Love stopped as fast as it's started  
Forever was over today.

--- Instrumental ---

You've only been gone since this mornig at dawn  
And I'm already losing my mind  
Your love tore apart all the dreams in my heart  
And my plans for the future have died.

Forever means nothing to you  
Or the promises that you've made  
Love stopped as fast as it's started  
Forever was over today.

Forever was over today...
