(Ted Daffan)

Too many sweethearts and none of them true done too  
many things that I shouldn't do  
Made lots of money all spent the wrong way headin'  
down the wrong highway  
Made lots of friends but now they're all gone too many  
mem'ries that still linger on  
Too many drinks each night and day headin' down the  
wrong highway.

--- Instrumental ---

Too many heartaches and too many tears crowded too  
much in just a few years  
Want to go right but I've lost my way headin' down the  
wrong highway  
Lost everything lost all of my friends God only knows  
how this all will end  
Thinking and drinking each night and day headin'  
down the wrong highway...
