Eyes be careful how you look at her don't be blinded by  
her charms  
Ears don't cling to every little word she'll talk you back  
into her arms  
Lips be careful how you long for her you know her kiss  
can bring the sweetest pain  
Heart be careful please don't fall for her cause if you  
fall you break again  
[ steel ]  
Arms be careful how you reach for her there's magic in  
her slightest touch  
Feet be carefull how you follow her don't let her know  
we care too much  
Mind be careful how you think of her she's much too  
smart don't let her out her way  
Heart you fool you've gone and fell for her I guess you  
know you'll have to pay
