(Fred Foster - Dale Ward)

How do you ask someone to love you  
What are the words that you say  
How do you gain one's affection  
When the one you love don't feel the same way.

How do you ask someone to need you  
When they don't seem to need you at all  
How do you win one's devotion  
How in the world do you get them to fall?

I have given her my heart and I have beared my soul  
But never have have her love in return  
Now I don't know where to start ot how to reach my goal  
But if you can teach me I am willing to learn.

How do you ask someone to love you  
What are the words that you say  
How do you ask someone to love you  
When the one you love don't feel the same way?...
