(Arthur Kent - Sylvia Dee)

I taught her everything she knows and then what did
she do
She turned to someone else and taught him everything
she knew
The way to cuddle close and kiss so tenderly
The words to say the things to do she learned from me.

I taught her love's all that matters on this earth
Now she has left me and what was in our world
I thought that she'd be true to me but that's the way it
goes
He ought to thank me cause I taught her everything she
knows.

--- Instrumental ---

I thought that she'd be true to me but that's the way it
goes
He ought to thank me cause I taught her everything she
knows...
