(Billy Walker - Mary Ann Meier - Edna Henderson)

It's a long way down from riches to rags
But if you can wear a cotton dress with pride
Then come on down from riches to rags
If a poor man's love can't keep you satisfied.

Before you take my hand and tell your other man
goodbye
Make sure you want to give up all the things that he
can't buy
If you want my love there's no turning back
It's a long way down from riches to rags.

--- Instrumental ---

Oh, before you take my hand and tell your other man
goodbye
Make sure you want to give up all the things that he
can't buy
If you want my love there's no turning back
It's a long way down from riches to rags.
