Yes you took her off my hands you lucky dog  
You took over all my plans you lucky dog  
Now she'll break your heart in two turn it every shade of  
blue  
But I'm a wishing I was you you lucky dog  
You look up to No 1 you lucky dog and you're in for lots  
of fun you lucky dog  
But the future you must face when she's gone without a  
trace  
But I'd love to take your place you lucky dog  
As you hold her in your arms you're so blinded by her  
charms  
I know my warning doesn't penetrate the fog  
You're the king it's plain to see but your crown's in  
jeopardy  
For another soon to be the lucky dog  
[ whistle ]  
As you hold her in your arms...  
Oh but I'm a wishing I was you you lucky dog
