There were moments of dreams I was offered to save  
I live less like a workhorse more like a slave  
I thought that one quick moment that was noble or  
brave  
Would be worth the most of my life.

So I pointed my fingers and shout a few quotes I knew  
As if something that's written should be taken as true  
But every path I have taken and conclusion I drew  
Would put truth back under the knife.

And now the only piece of advice that continues to  
help:  
Is anyone that's making anything new only breaks  
something else.

When my time comes  
Ohhhhh oh oh oh.  
When my times comes  
Ohhhhh oh oh oh.

So I took what I wanted and put it out of my reach  
I wanted to pay for my successes with all my defeats  
And if heaven was all that was promised to me  
Why don't I pray for death?

And now it seems like the unraveling has started too  
soon  
Now I'm sleeping in hallways and I'm drinking  
perfume  
And I'm speaking to mirrors and I'm howling at  
moons  
While the worst and the worst that it gets.

Oh you can judge all the world on the sparkle that you  
think it lacks.  
Yes you can stare into the abyss  
but it's staring right back.

When my time comes  
Ohhhhh oh oh oh.  
When my time comes

Ohhhhh oh oh oh.

Oh you can judge all the world on the sparkle that you  
think it lacks.

Yes you can stare into the abyss  
but it's staring right back.

When my time comes

Ohhhhh oh oh oh.

When my time comes

Ohhhhh oh oh oh.

When my time comes

Ohhhhh oh oh oh.
