[Chorus:]

Aint no love ting here, it's just one big cycle here,  
Aint no friendship here it's just one big cycle here.  
Round, round, round we go  
Round, round, round we go  
Round, round, round we go  
If you love me let me no  
Round, round, round we go  
Round, round, round we go  
Round, round, round we go  
If you love me let me no

[Verse 1:]

She used to love him, he used to love her, she used to  
kiss him, he used to hug her, call it  
Deep love or puppy love, they bunked off school.  
Now there's no flame, things aint the same,  
Look's like she's change, thinks it's some game, he's  
left in the rain, trying to point blame,  
Talks for a fool.  
She moved on quick, he's still love sick, she's not  
having it, thinks he's some prick, he won't  
Believe it, wants it just how it was in school.  
He keeps calling, night or morning, break of evening,  
break of dawning.  
He keeps ringing up, she  
Keeps hanging up, oh what a fool.  
She is the best friend, of a ex girlfriend, of a old school  
friend, who is the close friend, of  
This best friend, best friend likes this boy called BLUE.  
Best friend loves him, best friend needs him, but the  
ex girlfriend, of the old school friend,  
Who is the close friend, of this best friend, likes him  
too.  
So the ex girlfriend, of the old school friend, who is the  
close friend, of this best friend,  
Sits with best friend, who by now has slept with BLUE.  
Now the ex girlfriend don't want to pre-tend that she  
aint slept with that boy blue, coz we was a  
Friend of an ex man too. LISTEN...

[Chorus]
