Life's too short to be livin' with stress
I'm too young to be all depressed
I can't complain, I'm highly blessed
And there's one thing that I wanna get off my chest

I'm free as a bird, I'm high as a kite
I can do what I want and I'm doin' alright
That's why I just might celebrate tonight
And if you ain't down with it then get off your back

To St. Elsewhere, who the hell cares?
I'm in great shape, you need health care
If you can't say somethin' nice, then keep quiet
Or come to club, there's girls there

I'm gonna rave 'til 6 in the mornin'
I can already hear the baseline callin'
Just make up your mind, stop stallin'
And don't be half-assed 'cause I'm all in

So if your wallet ain't fat don't worry about it
Your car don't work, we can go without it
We don't need wheels, just the will to party
I'll take you there, don't doubt it

(Dance, I'll take you there)
Disco, disco, disco, disco
(Dance, I'll take you there)
(Dance, I'll take you there)
Disco, disco, disco, disco
(Dance, I'll take you there)
Let's go, let's go, let's go, let's go

You wanna drink? It's on me
Coca Cola, JD, I don't care about VIP
'Cause the middle of the dance floor's cool with me

I wanna shop tonight, I wanna rock tonight
Party up, let me be the robot tonight
So many damn girls lookin' hot tonight
So before I leave here, I wanna cop tonight

So I can't just stand up against the wall
Tryin' to play it cool, feelin' like a fool
Like I'm scared to dance 'cause I ain't scared at all
So there's no point lookin' all miserable

So I got a big grin on my face
And my hands on a pretty girl's waist
Beer budget and champagne taste
But I feel like I'm runnin' this place

So if your wallet ain't fat, don't worry about it
Your car don't work, we can go without it
We don't need wheels, just the will to party
I'll take you there, don't doubt it

(Dance, I'll take you there)
Disco, disco, disco, disco
(Dance, I'll take you there)
(Dance, I'll take you there)
Disco, disco, disco, disco
(Dance, I'll take you there)
Let's go, let's go, let's go, let's go

I'm feelin' myself right now
Really revealin' myself right now
I'm actin' all forward, I think it's all good
I wouldn't be nowhere else if I could

I don't ever wanna go home, let's stay
Party all night, then party all day
What do you say? Tell me you're on it
Drink 'til we can't stand up then vomit

Quicker than a comet, I feel like a star
Everyone waves, they know who we are
So much love, so much there
Tell me you don't feel like a top ware

In fact don't tell me nuffin', just skank
'Cause I got a trunk thing, she's in the back
No need to thank, the pleasure is mine
We should try doin' this again sometime

So if your wallet ain't fat don't worry about it
Your car dont work, we can go without it
We don't need wheels just the will to party
I'll take you there, don't doubt it

(Dance, I'll take you there)
Disco, disco, disco, disco
(Dance, I'll take you there)

(Dance, I'll take you there)
Disco, disco, disco, disco
(Dance, I'll take you there)
Let's go, let's go, let's go, let's go
