Oiiiiii

aha, ha, aha, ha

Fix up look sharp  
Dont make me get a blitz, somethin' get park  
Hear the bang see the spark  
Duck down lay down jus (get on down)

Fix up look sharp  
Dont make me get a blitz, somethin' get park  
Hear the bang see the spark  
Duck down lay down jus (get on down)

I got the big beat  
I hear the sound (yeah)  
I got the big beat (dizzie rascal)  
I get on down (rollin deep)

I've heard the gossip from the street to the slammer  
They tryna see if dizzy stays true to his gramma  
Bein a celebrity dont mean shit to me  
Fuck the glitz and glammer, hit um with the blitz and  
hammer.  
Because there talkin bout rushin  
Talk behind ma back but to ma face they say nuffin  
Stand up in the dark keep a firm steady stance  
Keep the beanys tushin, keep the beanys hot flushin.  
Flushing mc's down the loo  
If ya dont beileve me bring your possy bring your crew  
Feel free to hate i aint tryna be your mate  
Be serious you wouldnt last an hour in my shoe.  
Its a air force one  
Trainers by the truck load, trainers by the tonne  
Dont be dazed when i catch you by your jayz  
Chump best to act like forest gump best to run

Fix up look sharp  
Dont make me get a blitz, somethin' get park  
Hear the bang see the spark  
Duck down lay down jus (get on down)

Fix up look sharp  
Dont make me get a blitz, somethin' get park  
Hear the bang see the spark  
Duck down lay down jus (get on down)

I got the big beat  
I hear the sound (yeah)  
I got the big beat (oi! sweet as a nut mate)  
I get on down (rollin deep)

I stay sweet as a nut sweet like tropicana  
When the hammer hits ya head splits like banana  
Your not ready for this bro  
Ya better send ur best soldiers this is captain rosko  
More destructive and troublesome than ever  
I'll probably be doin this, probably forever  
Fellas wanna stop me they'll probably come together  
Its probable they'll stop me probably never.  
Yo, top boi, top man, hard topper topper  
Come to me wiv ya attitude come a copper  
I'm old school like happy shopper  
I fight old school bring your bat and your chopper  
And a first aid kit and some anticeptic this could get  
hectic  
I'ma dan accept it you got a bright future dont let the  
dan affect it.

Fix up look sharp  
Dont make me get a blitz, somethin' get park  
Hear the bang see the spark  
Duck down lay down jus (get on down)

Fix up look sharp  
Dont make me get a blitz, somethin' get park

I got the big beat
