yo look look look
dey call her jezabel
u might find her in ur neighbor hood
always in sum shit
up to no good
constent boasting braging to her friends
juiced every boy in the ends
get off in da skool
she were truent every day
always on the link
different boy everyday
missed mathematics she was doin acrobatics
but not gym class
she was gettin doggied fast
yo dey call her jezabel
friends call her sket behind her back
she never knew the plot
she was born off track
tight top, short skirt thinks shes too nice
hates love but shes been deep in twice
pass with hoe she cant keep her legs closed
always wanna creep
now shes in to deep
now she faces neglect, abuse and rape
man sed dat he'll killa
if she tried to escape

[chorus]

wots ur name
ive seen u about
i think ur choong(boom ting)
i really hope ur not a grim
i really hope ur not a jizzy jizzy
where u from hot stuff
buff ting
i really hope ur not a grim
i really hope ur not a jizzy
ive seen u about
i think ur choong(boom ting)
i really hope ur not a grim

i really hope ur not a jezzzy jezzzy
where u from hot stuff

i really hope ur not a JEZABEL

U might find her at a house rave
for the fifth time
shes getting wind from behind
had a bit to drink
so shes acting kinda slow
she came with natasha
but shes leaving wid joe
ricky loves jezzzy but
jezzzy loves william
and ricky means well
but ricky aint got a thing
joes got a name
and jezzzy loves fame
she wants a man to show
so its all about joe
Dey call her jezabel
on her way to get wocked out
get battried den get kicked out
jezzzy wernt expecting more den 4
but wot could she say
she just did it anyway
messed up caught a kinda STD
gonorrhea, herpes no VD
left bitter, left angry left vex
but still love sex
passed it on to da next

[chorus]

Pretty but aint got a brain
got no shame got jucied on the train
went from daddys little girl to
daddys heart attack
house recker side
she could never go back
raised in a church
not noing anything
then learned about boys
ruined everything
age 16
she was never full grown
she was
in a family
now shes got one of her own
two kids even worse
two little girls
two more of her dats
two Jezabels
two fatherless kids one single mum
no longer young but da boy still cum
wishing she could take it back to the old school
and make better choices
o wot a fool
bottle by her side she wonder man
if only she was six years younger
danm!
