Top tens an' platinum whacks

Ain't got no need for a chain of a chaks  
I'm a rude boi, I ain't gotta relax  
I got this game in my head like dax  
Got this game in my hand, be cool

I'll stop a bull, make a boi relax  
I'll take teeth for the jewels an' jaks  
We make money off album tracks  
Come on, I'll face it, let's all face facts

You may be some handsome chaps  
What's that, but I'm invisible to all  
Foolish fakish cats  
Roll Deep will have some of that

Jus' another brain complain to da max  
Jus' another brain complain to da low  
Gotta get money, got get a lot of ho  
No less than a G for the show

Ain't got no buff or I'll hang dudes  
Who think I hang wit da low  
I get round all ways in a go  
I get round all ways in a rush

Can't stop, yo, I won't eva hush  
Drinkin' beer make my lot lush

When I come to the crotch with crush  
Never chat shit, talk shit, get flushed

I talk tough 'coz life's been rough  
Gritty, shitty life  
Ain't been to pretty far from buff  
So I'm off to L, the good stuff
