[Dizze Rascal]

Todayâ€™s the greatest day of my life  
Today theyâ€™re gonna know Iâ€™m a star  
They better know I ainâ€™t having a bar  
Iâ€™m gonna take it to the next level foot on the pedal  
Iâ€™m going for the gold medal got my hand on my  
heart  
And I swear down Iâ€™m gonna go hard  
Until Iâ€™m dearly departed  
Iâ€™m so excited  
I think itâ€™s bout time I had a little celebration and  
youâ€™re all invited  
I couldnâ€™t give a damn not even the slightest  
My swags on point and my flows the tightest  
Iâ€™ll never sell my soul God helped me write this  
Plus I know what a fight is  
I been through the struggle  
In and out of trouble  
Couple of close calls  
But you canâ€™t hear the pain anymore in my vocals  
It ainâ€™t even because of the Pro Tools  
In total I feel so complete with life its sweet  
You gotta Scream

[Pepper]

Scream it from your heart  
Feel it from your soul  
Scream it from your heart  
If you mean it  
Feel it from your heart  
Scream it from your soul  
Feel it from your heart  
If you need it

[Dizze Rascal - Verse 2]

I feel like Rocky on the steps  
I could have drowned in the blood and the sweat  
But instead I show the world I donâ€™t pet  
A world wide athletic champion on deck  
Nobody canâ€™t mess with my rep  
Nah Iâ€™m a seasoned vet  
And Iâ€™m the best Iâ€™m as good as it gets  
Iâ€™m the champion now  
So I donâ€™t care who they call next

Iâ€™ve earned my respect  
Now theyâ€™re loving the way I flex  
Run up in the offices theyâ€™re writing a major cheque  
So it doesnâ€™t matter about the butterflies in my  
solar plex  
Never the nervous wreck  
Cool and calm  
Keep sharp and focused and stay out of harm  
Plus I canâ€™t be rocked  
You know Iâ€™m far too hot to be given the drop  
Stay better then Iâ€™m never gonna give up the top  
spot  
Iâ€™m keeping the spot locked  
Iâ€™m throwing the keys now everybody sing with me  
Scream  
Scream it from your heart  
Feel it from your soul  
Scream it from your heart  
If you mean it (scream)  
Feel it from your heart  
Scream it from your soul  
Feel it from your heart  
If you need it  
Haaaaaahaaaa ahhhhh  
Haaaaaahaaaa ahhhhh  
[Verse 3]  
Boy itâ€™s lonely at the top  
But itâ€™s overcrowded at the bottom  
And where I come from overly rotten  
Iâ€™m from the east side I ainâ€™t forgotten  
But itâ€™s bigger than that  
World wide peoples living is whack  
Itâ€™s bigger than grime and bigger than rap  
People living in crap  
No fresh water out of the tap  
Plus theyâ€™re being attacked what kinda living is that  
Look anywhere in the map  
Too many young boys stuck in the trap  
Too many young boys running round strapped  
Ready to clap  
Too many young girls fall in the gap  
Theyâ€™re falling for chat from dumb cats that need  
to fall back  
Think about life cause there ainâ€™t no re run  
No DVD no second season  
When youâ€™re the future flame maybe you could be  
one  
Till then let chorus be sung  
Scream
