I saw your face in the
paper that I bought today
I heard our song on the radio

I know you're not a part of
this wicked world anymore
but life goes on for me and I don't care
if you're standing there

She don't mind the pain
love is a loser's game
time is on my side
you've got nothin' to hide
love is a loser's game my friend
till the very end

I don't remember nothin'
after all we've been goin' thru
and life goe'd on for me and I don't care

I saw your face in the
paper that I bought today
I heard our song on the radio
on the rainy day show

She don't mind the pain
love is a loser's game
time is on my side
you've got nothin' to hide
love is a loser's game my friend
till the very end
