Crazy colour dance before my eyes oh my
zap electric current sure makes me fly oh my
times up for me
electricity got me riding on the lightning tonight oh my

Peaking power packing a big surprise oh my
now I'm smoking there ain't no wonder why oh my
times up for me
electricity got me riding on the lightning tonight oh my

Big talk no more
and I say bye now my love
I'll go dancing
along the thin blue line
Strap down my arms
it's time to boil up my blood
I'll be dancing with toby in the jailhouse tonight

Crazy colour dance before my eyes oh my
Zap electric current sure makes me fly oh my
times up for me
electricity got me riding on the lightning tonight oh my

Big talk no more
and I say bye now my love
I'll go dancing
along the thin blue line
Strap down my arms
it's time to boil up my blood
I'll be dancing with Toby in the jailhouse tonight
