(Track 6 on "Rotator")

You can stab me in the back
You can paint my pure heart black
Puts me on another track
But I guess you know by now
Takes a while before I see
That you always disagree
Really brings me misery
But I guess you know by know

I know that feeling coming
I know when the river runs dry
I know that feeling coming
Why

Saw a bottle on the wall
Saw your one and only fall
Didn't know your one at all
But I guess you know by now
You've been distant from the start

Did another take my part
All I know is you broke my heart
But I guess you know by now

I know that feeling coming
I know when the river runs dry
I know that feeling coming
Why

Yes you know by now
