Wishing Well
(Track 11 on "Dizzy Mizz Lizzy")

She said it's beautiful
on the inside out
she said it's beautiful
with a silent shout

Take her by the hand
and you'll understand
I wish you well
she said it's beautiful
with a wishing well

She said it's beautiful
in an angel's room
she said that contradiction
will bring you doom

Take her by the hand
and you'll understand
I wish you well
she said it's beautiful
with a wishing well
