Angel

I feel empty as darkness all around
Feel I lost my way
As I fall to the ground
I feel sorrow as if I lost it all
Id always turn around if you should call

And you know I will surrender
Cause I cant be a pretender no
Not when it comes to loving you
And they say time is a healer
And now as just a stealer know
I dont want to forgive you

Why dont somebody send me an angel to guide me
through
Now that im lost and on my own and I dont longer have
you
Send me an angel to watch over me and turn the night
back into light
Rescue me, rescue me, heey, send me an angel

My heart is scattered to bits and pieces now
I threw it all away now I just wonder how
I feel naked standing infront of you
Should always know what to say and just what to do
yeah

And I know I will surrender
Cause I cant be a pretender no
Not when it comes to loving you
And they say time is a healer
And now as just a stealer know
I dont want to forgive you

Why dont somebody send me an angel to guide me
through
Now that im lost and on my own and I dont longer have
you
Send me an angel to watch over me and turn the night

back into light
Rescue me

Rescue me, rescue me, ooh ooh rescue me, rescue me
Send me an angel
