I can't sleep at night  
I'm staring at the phone  
Knowing you are not alone  
She is right there by your side  
I'm tryin just to hide  
All the things I feel inside  
I can sense the chemistry  
When you're standing close to me  
I feel like a ship that's lost at sea  
It's getting harder to ignore  
It's not like anything before  
I know it's crazy baby but I want more

[CHORUS]

I wish I could be close to you and feel your every move  
Never meant to feel this way  
Maybe you would come around one day  
I wish I could be close to you and feel your every touch  
Cause this girl won't give the way I feel  
Heaven knows I wanted it so much

I'm the one to blame  
Tryin to explain  
But I will cost myself such pain  
Your heart is occupied  
Try to turn the tide  
But time was never on my side  
I can sense the chemistry  
When you're standing close to me  
I feel like a ship that's lost at sea  
It's getting harder to ignore  
It's not like anything before  
I know it's crazy baby but I want more

I wish that  
I could be  
So close to you

I wish I could be close to you and feel your every move  
Never meant to feel this way  
Maybe you would come around one day  
I wish I could be close to you and feel your every touch

Cause this girl won't give the way I feel  
Heaven knows I wanted it so much
