Do you realize we could reach the stars  
Do you realize you're forever in my heart  
Do you realize lonely days are over  
Do you realize you could find yourself in me

Do you realize.....

Heyy.... hey heyeyey....  
Ohhhhh ooohh yeah yeah...

Do you realize we could reach the stars  
Do you realize you're forever in my heart

There is love in a fantasy that once was you  
Seems so far away  
An awaking dream that is my life  
Seems to imitate fine art  
All we need to do is thank heaven for little mercys  
Incredibly and lovingly yours  
PS I do realize

Do you realize we could reach the stars  
Do you realize you're forever in my heart  
Do you realize lonely days are over  
Do you realize you could find yourself in me

Oohhh ohohohohoh yeeieieieieaaa  
Ohhhhhh yeaiaiaieeiaiaia  
Wooohhohohohoho Yeaheaiaiaia  
Wooowhhohoo

Do you realize..

Do you realize we could reach the stars  
Do you realize you're forever in my heart  
Do you realize lonely days are over  
Do you realize you could find yourself in me

Do you realize....
