(featuring Kaya)

I feel like the desert
Where nothing could ever grow
Deep inside my thirsty heart
The little did I know
You came and gave me a shelter
You protect me from the sun
In your arms I felt it closer
You're the chosen
You're the one

Here comes the rain again
It feels me up inside
You better have a taste of me
Before the well runs dry

Here comes the rain again
I'm speechless I could cry
Your love has made it possible
To open up the sky

I feel like I'm drowning
I'm drowning in despair
Thoughts run through my consciousness
I know that you're not there
You came and I was silent
You fulfilled the destiny
And my heart only felt you closer
Breathing in eternity

Here comes the rain again
It feels me up inside
You better have a taste of me
Before the well runs dry

Here comes the rain again
I'm speechless I could cry
Your love has made it possible
To open up the sky

Ohh ohh 'cause here comes the rain
Ohh ohh yeah
