Once again, dj Alligator, is back
The hard way
Let the bass kick

music

[CHORUS]
Protect your ears
If the bass is too deep your too weak
If this is too loud your too old
So be ware of the bass

Protect your ears

PROTECT YOUR EARS!

Protect your ears

Protect your ears

music

To bass or not to bass
That is the question
Dj Alligator, will provide you with the answer
I will attack you through the speaker
Sound vibrations, will indeed crack your skull
Time and location,
When the bass kicks

music

Do you want more?
I cant hear you out there
Do you still want some more?
Then put your hands up, and mske some noise

Put 'em up, make some noise
Put 'em up, make some noise
Put 'em up, make some noise

PROTECT YOUR EARS!

Protect your ears
Protect your ears
Protect your ears
Protect your ears

Over and out
