Day by day, I wake up for you, I do  
And I rise to who knows who  
Well if I can say, some other day

Day by day, I reach out to you I do  
And I pretend, there's something to it  
And if I can say, I've had better days

Day by day, I resort to you, I do  
And I wash up after you're through  
If I can say, that's okay

You're in my head again  
You're in my bed again  
You're in my mirror again

And if you don't mind me  
I don't mind you

Day by day, I reflect on you, I do  
I reflect on you, I do
