Every night was long and gloomy, shadows gathered in  
the air  
No one ever listened to me, no one wondered did I  
care  
None in all the world to love me, none to count that  
stars that hung  
Then the moon came out above me and I saw that it  
was young I wished on the moon for something I never  
knew  
Wished on the moon for more than I ever knew  
A sweeter rose, a softer sky  
An April day that would not dance away I begged of a  
star to throw me a beam or two  
Wished on a star and asked for a dream or two  
I looked for ev'ry loveliness, it all came true  
I wished on the moon for you
