Oh what a night for sweethearts  
Stars in the sky above  
This our chance for sweet romance  
Let's make this a night of love

Here we are together  
The moon is hanging low  
There's magic in its silvery light  
It seems to say the time is right  
Love me tonight

Life is so uncertain  
And no one seems to know  
How long we have to linger on  
Tomorrow we both be gone  
Love me tonight

Oh let me feel your arms  
And let me feel your kiss  
And if this great big world must end  
Oh let it end like this

My lips are yours forever  
My heart is in your hands  
My love is yours to have, to hold  
Don't wait until the moon is old  
Love me tonight

Oh won't you love me tonight  
Oh love me tonight  
Oh let me feel your arms  
And let me feel your kiss  
And if this great big world must end  
Oh let it end like this

My lips are yours forever  
My heart is in your hands  
My love is yours to have, to hold  
Don't wait until the moon is old  
Won't you love me tonight
