The leaves of brown came tumbling down  
Remember in September in the rain  
The sun went down just like a dying amber  
That September in the rain

To every word of love I heard you whisper  
The raindrops seemed to play a sweet refrain  
Though spring is here to me it's still September  
That September in the rain

The leaves of brown came tumbling down  
Remember, ahh, September in the rain  
And the sun went down just like a dying amber  
That September in the rain

To every word of love I heard you whisper  
And the raindrops seemed to play a sweet refrain  
Though spring is here to me it's still September  
That September in the rain

It's still September in the rain
