

Bing Crosby **"That's For Me"**

The light-hearted gay
Kind of charm you display
That's for me

The wonderful sly
Little trick with your eye
That's for me

What a feather in my hat
If I could gratify your wish
Do you like the movies
Or what is your favorite dish?

The tilt of your chin
When you chuckle or grin
That's for me

You might as well know
That wherever you go
There I'll be

Just to make sure
You keep your heart
Alone and fancy free
No one else can have it
That's for me
