When you dream about Hawaii
Don't forget to dream about that night we met
When you feel my arms around you
Will memory cling, echoing, I won't forget

When you hear the rippling water
As they kissed the silvery sand, so playfully
Will you hear me say 'I love you'
To the tune of steel guitars beneath the stars at Waikiki
When you dream about Hawaii, dream of me

When you hear the rippling water
As they kissed the silvery sand, so playfully
Will you hear me say 'I love you'
To the tune of steel guitars beneath the stars at Waikiki
When you dream about Hawaii, dream of me
