Yeah, I like these girls, I like these girls  
I like these girls, I like these girls  
I like these girls, I like these girls  
I like these girls, I like these girls

Girls, girls, girls, girls  
All over the club  
The way they turning it up  
I swear I just can't get enough  
Of all these girls, girls, girls, girls  
All over the club  
And if you're burning it up  
I wanna see your hands up

Yeah, I like these girls, I like these girls  
I like these girls, I like these girls  
I like these girls, I like these girls  
I like these girls, I like these girls

I like these girls, girls, girls, girls  
All over the club  
The way they turning it up  
I swear I just can't get enough  
Of all these girls, girls, girls, girls  
All over the club  
And if you're burning it up  
I wanna see your hands up

Girls, girls, girls, girls  
All over the club  
The way they turning it up  
I swear I just can't get enough  
Of all these girls, girls, girls, girls  
All over the club  
And if you're burning it up  
I wanna see your hands up
