I wake up in the morning, no worries in the sky  
We caught it all like, still no clouds up in the sky  
My friends are all around me, we're surfin in the  
sun  
Let's get this party started, we're gonna have  
some fun

This is just a perfect day,  
We're living like there's no tomorrow  
This is just a perfect day,  
Let's celebrate, forget all your sorrows  
(forget all your sorrows, forget all your sorrows...)

This is just a perfect day,  
We're living like there's no tomorrow  
This is just a perfect day,  
Let's celebrate, forget all your sorrows

I was dreaming bout tonight  
My baby by my side  
The features of fiesta...in my ride  
We're gonna get it started  
Them hands up in the sky  
This day is just too perfect  
Don't get wasted, get high

This is just a perfect day,  
We're living like there's no tomorrow  
This is just a perfect day,  
Let's celebrate, forget all your sorrows  
This is just a perfect day,  
This is just a perfect day  
We're living like there's no tomorrow  
This is just a perfect day,  
Let's celebrate, forget all your sorrows.
