This shit it's so filthy fucking hot, girl  
Your just jelous lookin at what we got  
Ain't that little or a whole lot  
Talk about a grand, that's all your gona land,  
Then there's me rollin in the millions,  
Rakin in them billions, raised by the trillions,  
This is my shit, these are my funds,  
Layerin' on them diamonds,  
All up in the rubys,  
Starin at my booties,  
Ya they uggs, be jelous,  
Sellin my drugs, to them girls ( braless)  
They sluts, that's all they gon' be,  
Never get them eighteen carats,  
Lookin at us blindly, they all astounded,  
Trippin' like they on acid,  
Never seen this shit before,  
Looks too fake, but your unsure,  
Aint like nothin you see in a drugstore,  
This is dj astoro, aint got no afro,  
Work at a bistro, ya this shit  
It's so filthy fucking hot
