I can't tell how I feel  
Since I realised our love is for real  
I've been hurt many times  
It's so hard to be all alone  
Another night without you

Don't you feel, I need you  
When you're in my arms all my dreams come true  
When you're gone, I feel weak  
It's so hard to be all alone  
Another night without you

Was it right, was it wrong  
When you're in my arms I feel so strong  
Let me feel, you are mine  
It's so hard to be all alone  
Another night without you

Let me feel one and one makes two  
Let me feel the passion  
All night long I've been waiting for you  
Let me feel the passion

Another night  
Another night without you  
Let me feel the passion  
Let me feel the passion  
Another night without you  
Another night without you  
Ce que tu fais, ce que tu dis  
Tu me transporte dans une nouvelle galaxie  
Tu a chang ma vie, o est le paradis  
Je suis seul aujourd'hui toute la nuit  
You walked out that door, I'm lonely  
Cause you're the only one, the one and only  
I need you - in the heat of the night  
Concrete - I wanna hold you tight

Dans tous mes rves je danse avec toi  
Narrte pas de retourner chez moi  
coute la deuxime voix dans la nuit  
coute tu as fait de moi un bandit

No vibration, provocation, domination  
Just a creation of mind  
Couldn't see the sign  
Imagination - I'm feeling fine

Protge mes rves et enlve mon esprit  
Tu as touch mon cur pour toute ma vie  
Aujourd'hui je suis la pour toi  
Mais ou est-tu, je ne sais pas  
Can you feel it, heal it, I hope you really need it  
L.O.V.E. makes you're feeling free  
Open your heart and you'll see  
The fire of passion inside of me
