World in motion everywhere  
Wake up from your dreams  
Open up your eyes and see the light  
World in motion all the time  
Feel it in you heart  
What you wanna see with your own eyes  
World in motion  
Journalism for the mass  
Greener than the greenest grass  
Naivety isn't what we need  
Every picture we see every line we read  
What about pollution what about rain  
What about the people suffering their pain  
Criticism is the magic word  
To think about rumors we have heard  
World in motion everywhere  
Wake up from your dreams  
Open up your eyes and see the light  
World in motion all the time  
Feel it in you heart  
What you wanna see with your own eyes  
World in motion  
Our world in motion  
We don't really care about what we see every day  
From Moscow to joburg from Rio to L.A..  
We pretend to be a nation of tolerance and peace  
But isn't that violence which increase  
Headlines are shocking stories are brand new  
How can you be sure that everything is true  
No difference between reality and show  
Stimulation overflow  
World in motion everywhere  
Wake up from your dreams  
Open up your eyes and see the light  
World in motion all the time  
Feel it in you heart  
What you wanna see with your own eyes  
World in motion  
World in motion  
It's a world in motion  
Every picture we see  
A part of history

World in motion  
It's a world in motion  
It will always last  
Between future and past  
World in motion  
It's a world in motion  
But what's going on  
And what is wrong  
World in motion  
It's a world in motion  
Against the wind  
Close your eyes  
And let it in  
World in motion everywhere  
Wake up from your dreams  
Open up your eyes and see the light  
World in motion all the time  
Feel it in you heart  
What you wanna see with your own eyes  
World in motion
