She walks to school with the lunch she packed  
Nobody knows what shes holding back  
Wearin the same dress she wore yesterday  
She hides the bruises with the linen and lace...

The teacher wonders but she doesnt ask  
It's hard to see the pain behind the mask  
Bearing the burden of a secret storm  
Sometimes she wishes she was never born...

Though the wind and the rain  
She stands hard as a stone  
In a world that she can't rise above  
But her dreams give her wings  
As she flies to a place where she's loved  
Concrete angel...

Somebody cries in the moon of the night  
The neighbours hear but they turn out the light  
A fragile soul caught in the hands of fate  
When morning comes it'll be too late

Though the wind and the rain  
She stands hard as a stone  
In a world that she can't rise above  
But her dreams give her wings  
As she flies to a place where she's loved  
Concrete angel...

A statue stands in a shaded place  
An angel girl with an upturned face  
A name is written on a polished rock  
A broken heart that the world forgot

Though the wind and the rain  
She stands hard as a stone  
In a world that she can't rise above  
But her dreams give her wings  
As she flies to a place where she's loved

Concrete angel...
